

CPXIP LED Panel

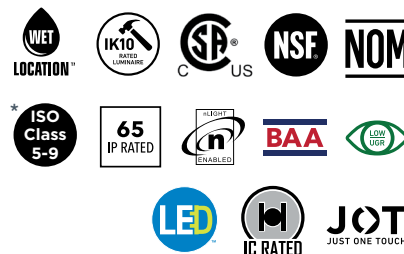

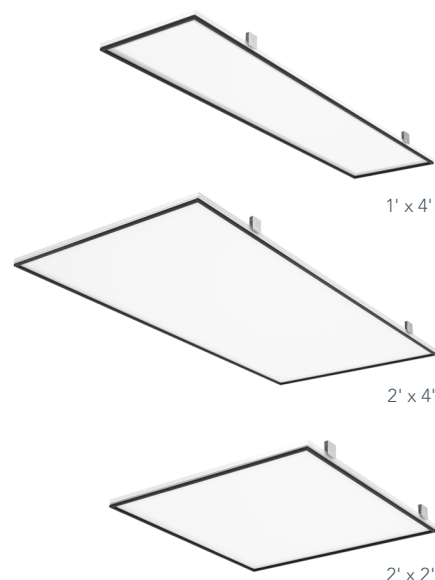

CPXIP by Lithonia Lighting® stands out as the ideal solution for those seeking a top-notch LED panel with both quality and affordability. Now featuring an IP65 rating, CPXIP offers robust protection against dust and water ingress, ensuring durability even in challenging environments. The smooth, even lens not only projects a crisp and clean aesthetic but also provides enhanced resistance to external elements. Suitable for many applications such as cleanrooms, long-term care, urgent care, locker rooms, education, and behavioral health levels 1-3 that require impact resistance.
